« Technature's ambition is to design, manufacture and package innovative cosmetic products at the image of the national and international brands we work for. That means we create new products and new trends at the same time, while providing our clients a full service: from the idea to the finished and packaged product.

Our personalized approach meets all the needs to develop your new products while respecting international regulations. »

Pierre MORVAN - CEO

A turnkey service

Need an idea? Looking for innovation? Creating a brand? Need a specific cosmetic care?
Need a customized formulation?

1 Project support / custom cosmetics

Technature offers you its services for the development and creation of your quality customized cosmetics!

A full service : from the idea to the finished and packaged product, through a follow-up of the regulations related to the products commercialization.

2 R&D Formulation

2 options are available :

- Cosmetic masks and skincare, already formulated by our experts.
- A customizable formulation : the possibilities are endless to create your unique and exclusive product! Our ambition is to make you trigger the « Wow Products » effect!

3 Regulation

Cosmetic products are subject to strict regulations, which may differ depending on the country of commercialization. Our regulatory department will assist and advise you in order to ensure the regulatory compliance of your products (building up and updating the Product Information File, verifying the mandatory labeling, creating the regulatory documents necessary for the export/import of products, subcontracting tests...)

4 Manufacturing

Our 2 industrial sites allow us to meet the demands of customers from all over the world, within the framework of a customized manufacturing, adapted to all their specific needs.

- **Dirinion** : specialized in the manufacturing and packaging of cosmetic **powders**
- **Le Relecq-Kerhuon** : specialized in the manufacturing and packaging of **skincare** (creams, serums, lotions, milks...) and **Hydrogel** masks/patches.

5 Filling

Customized packaging for each cosmetic product

To give your brand's products a clear and stunning visual identity, we offer several packaging and printing options.

- Technature offers **recyclable and more sustainable packaging**: doypack format, paper sachet, cardboard tube powder dispenser...
